

## European Directive 2011/65/EU – ROHS

Villanueva de Gállego, 31/03/2012.

To whom it May concern,

With regard to the EU-directive mentioned above, all manufacturing processes at AIRFAL INTERNATIONAL S.L. have already been adapted and for some time now we have manufactured only products which exclude the following hazardous materials:

- Lead
- Mercury
- Cadmium
- Chrome VI
- PBB
- PBDE

Today, we can confirm that since 31st March 2012, all AIRFAL INTERNATIONAL S.L. products are manufactured according to the stringent requirements of the “RoHS” directive in its second edition.

Once again, prior to EU-directives coming into force all AIRFAL INTERNATIONAL S.L. products are available in environmentally friendly & compatible designs incorporating the well-known AIRFAL INTERNATIONAL S.L.-Top-Quality.

Best regards

Signed:

Carlos Jiménez  
Technical & Quality Manager.
